for it. In order to carry on Veterinary treatment properly it is no doubt desirable to get the instruments and appliances recommended - But it is a question for consideration whether a newly-trained Veterinary Asst will be able to make much use of them. To preserve them properly without a proper building and sufficient establishment would be difficult. For the present perhaps it would be enough to supply only the more necessary instruments & appliances & reserve the others for supply after a proper building is given for the hospital. As a special grant is required the Financial Branch has to be consulted

Yes / If so about the cost should it be paid by the Local Fund.

Please make an enquiry on the point, & that by the next

OFFICE OF THE REV. COMR. IN MYSORE,

Bangalore, — 26th May — 190 9.

Agri 1-08-28

FROM

Rajakarya Pravina,
A. RANGASWAMI IYENGAR, ESQ., B. A., B. L.,
Revenue Commissioner in Mysore.

TO

The Secretary to the Government of
His Highness the Maharaja of Mysore,
General & Revenue Departments.

SIR,

With reference to your letter No.A.9087 Agri.1-03-2 dated 3rd May 1909 stating that the Veterinary Hospital at Mysore should be supplied with certain articles and requesting me to take steps in the matter, I have the honour to submit herewith for the orders of Government Copy of letter No. 631 dated 24th May 1909 from the Inspector of Cattle Diseases with its enclosure in original.

Considering the importance of the place I am of opinion that the buildings mentioned in the Inspector's letter and the articles mentioned in his list are necessary to make the Hospital more useful. The articles are estimated to cost approximately ₹100. As regards the buildings required, the Executive Engineer, Mysore, will be requested to draw up a plan and estimate, if the proposal meets with the approval of Government. The funds required for extending the building and the purchase of additional instruments etc, will have to be sanctioned by Government as a special grant from provincial funds.

I have the honor to be,

Sir,

Your most obedient servant,

For Revenue Commissioner.

K.es

Copy of letter No. 631 dated 24th May 1909 from the Inspector of cattle Diseases in Mysore to the Revenue Commissioner in Mysore.

In reply to your Official Memo No. 11639 dated 12th May 1909 regarding the accommodation and equipment for a model Veterinary Hospital in Mysore, I have the honor to bring to your notice that the present site with its buildings would not be a very desirable one for a well equipped Veterinary Hospital. As Mysore being an important centre with very fine horses and cattle and where periodical cattle shows, races and Polo matches are held and where veterinary aid such as is available in Bangalore cannot be had, I beg to suggest that a more suitable site be selected and the necessary buildings under Hygienic principles put up.

(a) A stable (as in the regimental lines) to accommodate 12 horses is very necessary with 6 stalls 12 X 12 for picketting horses and 6 loose boxes 12 X 15, one of them may be converted into a colic box with plenty of sand bedding, another for slinging horses and one for other emergencies.

(b) There should also be a roofed operation theatre 16 X 20 with the necessary fencing allround.

(c) Another theatre similar to the above may also be put up for the vicious horses and cattle could be operated upon.

(d) A separate cattle shed to accommodate 20 heads of cattle should also be provided for and this may be in the same pattern as in H.H. the Maharaja's Cattle sheds. In addition to the above the necessary accommodation for the Dispensary, the Veterinary Officer's office room, and the medical and surgical stores should also be provided. The Veterinary Hospital has at present been supplied with certian instruments and other appliances as are useful in every day practice. I have in addition to the above included in the appended list some more instruments which will be very useful both in ordinary practice and in emergencies. I would therefore recommend that all the instruments except those

those that are already supplied be purchased.

For Revenue Commissioner.

Revenue Commissioner in Mysore.

To

The Secretary to the Government of
His Highness the Maharaja of Mysore,
General & Revenue Departments.

SIR,

With reference to your letter No. 10503 dated 12th June 1909 requesting me to submit a list of such appliances as are immediately and absolutely required to make the Veterinary Hospital at Mysore more useful, I have the honor to forward herewith copy of letter No. 702 dated 24th June 1909 with its enclosure in original received from the Inspector of Cattle diseases. Of the articles mentioned in the list, a few (shown separately in the same) can be met from the grant sanctioned in Government order No. R. 1727-37/ Agri 38-05-22 dated 4th September 1907, of Rs 9600/- and provided for in the budget for 1909-10. The cost of the other appliances will amount to Rs 201-8-0 and freight and other incidental charges to Rs. 19-8-0 there is no provision for the same. I recommend therefore that a special grant of Rs 220/- may be made for this purpose.

I have the honor to be,

Sir,

Your most obedient servant,
